I'm a dynamic computer scientist holding a BSc. in computer science, with hands-on extensive experience in positions of high responsibility. Am a fast learner who is capable of establishing credibility with senior players early on in a new position. A strong communicator and excellent relationship builder who can develop deep business insights that will influence the direction and influence of a company. As a true Professional, I have a real 'can-do' attitude, good knowledge of Data management, ICT, IT, security, and networking principles, and a pragmatic approach to finding solutions. Therefore, I am seeking a role, especially in my area of specialization, that allows me to continue learning and perfecting my skills as I provide high-quality work, encouraging me to flourish more.
